The beginning of the 2021-2022 season found our region still in recovery from the effects of the pandemic. However, the Southern Region rose to the occasion and clubs were soon regularly producing shows. Not just producing shows, but in many cases producing shows that completely filled, some well in advance of the closing date! I am proud to see the work and enthusiasm of the show-producing clubs which made this possible.

It also takes a LOT of people to produce a celebration event. Many thanks to the Cat Club of the Palm Beaches for rising to the occasion to not only produce the regional show, but also much of the celebration that we are enjoying tonight. Special thanks to the City of Sanford for their help with using both the facility and to see that everything which we needed was available; you assistance has been invaluable.

Finally, our celebration team once again spent hours pouring over data and assembling productions so that everyone could have a celebration to remember. Few people realize the number of hours that these volunteers put in to make it all happen.

I am very proud of our region and all of its fanciers! You consistently produce some of the best examples of our breeds, and are THE reason why the Southern Region continues to be a pacesetter in CFA.

If you want to lift yourself up, lift up someone else
Booker T. Washington
The purpose of these awards is to acknowledge Catteries that have reached certain thresholds of Grands produced. The number of Grands will be based on the registered cattery name, not individual breeders. Breeders who have bred under multiple cattery names may petition the Board to have the Grands from both cattery names combined for purposes of this award. Grand Champions and Grand Premiers are counted equally, but if an individual cat achieves both titles it will only be counted once. Grands may be of one or multiple breeds. Tiers celebrate each level of accomplishment. Superior status indicates a cattery has produced the required number of DMs for its tier level.
